the
PROCESS

ASSESSING THE MARKET

Your property's unique story is only one part of the selling equation. The other factor is the current real estate market. Specifically, pricing trends in your area and other available properties that might attract the same potential buyers. While you have a unique perspective on your property's value, it is also important to think like a buyer.

Our team at Berkshire Hathaway HomeServices Georgia Properties takes a close look at both the opportunities and the challenges that may exist once you decide to sell. As a result, we can provide you with realistic expectations with regard to what price you can expect and how long your property may be on the market.

Our associates use a combination of publicly available and proprietary information to assess local market trends and sales history. Our industry-leading Comparative Market Analysis platform gives you the advantage. Better information leads to better decisions. We take many factors into consideration when working with you to determine the value of your property.

YOUR PROPERTY'S UNIQUE STORY

Our associates will work with you to showcase what is special and unique about your home and tell the story of your property in a way that will help buyers make an emotional connection, and as a result, want to make it their own. Once we understand the story of your property, we will make it come to life.

FIRST IMPRESSIONS MATTER

When selling any type of real estate, you only have one chance to make the right first impression. Whether a potential buyer is viewing your property for the first time in a photograph, video, or in person - what they see will have a tremendous impact on their interest. Within three seconds of seeing a photo, buyers have formed a positive or negative opinion of your property.

Only 10% of buyers can visualize the potential of a property. That means the majority need to see and experience your space in a way that appeals to them.

Our associates will work with you to ensure your property appeals to the broadest base of qualified buyers.

WE WILL GUIDE YOU ON WAYS TO SET YOUR PROPERTY APART

REAL ESTATE GLOSSARY

We hope our resources are helpful throughout your buying process. If any questions are not answered, please let us know!

ACH (EARNEST MONEY)

An ACH payment is simply a transfer of funds from one bank to another. What this means regarding the earnest money process is that it eliminates the need for a paper check. There is no fee for this service and is accessible on the Berkshire Hathaway HomeServices Georgia Properties website - www.bhhsgeorgia.com

ADJUSTABLE RATE MORTGAGE (ARM)

An adjusted interest rate mortgage is a type of loan that offers a low introductory interest rate that adjusts or changes every year according to market conditions for the life of the loan.

ALTA

The American Land Title Association (ALTA) is a trade association representing the title insurance industry. Founded in 1907, the ALTA also focuses on a property's abstract of title, which ties the history of the title to a particular piece of real estate. The ALTA will outline the fees and costs associated with the real estate closing.

AMORTIZATION

Amortization is the paying off of a debt with a fixed repayment schedule in regular installments over a period of time.

ANNUAL PERCENTAGE RATE (APR)

The Annual Percentage Rate, or APR, is the average annual finance charge (including fees and other costs) divided by the amount borrowed.

APPRAISAL GAP

An appraisal gap is the difference between the fair market value determined by the appraiser and the amount you agreed to pay for the home. An appraisal gap doesn't mean you have to cancel the sale, but it may mean you have to negotiate with the seller or pay the difference for the home out of pocket.

BACK UP OFFER

In home buying, a backup offer is made in acknowledgment of an existing offer and ensures a contract with the seller if that first offer falls through. It's a legally binding contract that, if accepted by the seller, will put you next in line to purchase the home should the first buyer back out.

BUYER'S BROKER

A buyer's broker represents the interests of the client buying the property. It is their duty to provide guidance to the buyer during the process.

BUYER'S MARKET ANALYSIS

A comparative market analysis (CMA) is an estimate of a home's value based on recently sold, similar properties in the immediate area. Real estate agents and brokers create CMA reports to help sellers set listing prices for their homes and, less commonly, to help buyers make competitive offers.

CLIENT

A client uses the services of a real estate licensee and has signed the exclusive agreement for full service representation. Georgia law requires a client relationship in writing.

CLOSING

Closing (or settlement) is the legal process of transferring ownership of a home from one person to another.

CLOSING DISCLOSURE (CD)

This form is designed to provide disclosures that will be helpful to consumers in understanding all of the costs of the transaction. This form must be provided to consumers at least three business days before consummation of the loan.

COOPERATIVE HOUSING DEVELOPMENT (CO-OP)

A co-op is a housing development where buyers own shares in the corporation that runs the housing development. Shareholders pay a monthly fee that covers their proportionate share of the expense of operating the entire cooperative. This includes the underlying mortgage, taxes, management, maintenance, insurance, utilities and contributions to reserve funds.

CONDOMINIUM

A condominium or condo is a housing development where a homeowner owns a specified piece of real estate, usually an apartment, in a housing development.

CREDIT LINE

A line of credit is any credit source extended to a person. This includes a car loan, personal loan, credit cards or any situation where you have borrowed money for the purchase of an item.

CREDIT REPORT

A credit report is a record of an individual's history of borrowing and repaying debts. A credit report is used to assess how much of a risk a potential borrower is when applying for a loan.

CUSTOMER

A customer uses the limited services of a real estate licensee but has not signed an agreement with an agent. Georgia law requires a customer relationship in writing.

DOWN PAYMENT

A down payment is a percentage of the total purchase of a home paid at the beginning of a mortgage loan. A down payment is typically between 5 percent and 25 percent of the total value of a home.

EQUITY

Equity is essentially stock or ownership in a property. In terms of a home, the borrower gains equity in their home as they pay off their mortgage.

EARNEST MONEY

Earnest money is a showing of commitment from the buyer to the seller. The buyer will entrust a dollar amount, usually 1-5% of the asking price. If the seller rejects the buyer's offer, the buyer will get their money back. If the seller accepts the offer and the buyer backs out for any reason, the buyer loses that money. Earnest money is applied to sales price at closing.

ESCROW ACCOUNT

Escrow is essentially an account where funds/assets in the purchase of a home are held until all the specified conditions of the purchase are met. Usually property taxes and insurance funds are held in escrow. Lawyers commonly act as escrow agents in mortgage transactions, securing the property and examining documents to ensure the terms of the sale are met on both ends.

FIXED-INTEREST MORTGAGE

A fixed-interest mortgage is a type of loan that has a fixed interest rate that borrowers will pay over the term or length of the loan.

FORECLOSURE

A foreclosure is a home that has been reclaimed by the lender because the homeowner failed to pay back their loan. These homes are advertised at a discounted price, but come in "as-is" condition.

HOMEOWNER'S ASSOCIATION FEES

Homeowner's Association (HOA) fees are fees associated with living in a housing development or condo. These fees cover the costs to maintain common areas and other amenities.

HOME APPRAISAL

A home appraisal is a survey of a home used to determine current the market value.

HOME INSPECTION

A home inspection is a survey of a property to assess any issues with the condition of the property or systems including water damage, foundation damage, faulty heating or wiring, appliances, and other systems.

HOMEOWNER'S INSURANCE

Homeowner's insurance protects property against loss caused by fire, some natural causes, vandalism, theft, and other coverages depending on the terms of the policy. The lender will expect the borrower to have a home insurance policy in effect by the closing.

HUD

HUD is the Department of Housing and Urban Development.

HUD HOME

A HUD home is a 1-to-4 unit residential property acquired by HUD as a result of a foreclosure action on an FHA-insured mortgage. HUD becomes the property owner and offers it for sale to recover the loss on the foreclosure claim.

LOAN ESTIMATE

This form is designed to provide disclosures that will be helpful to consumers in understanding the key features, costs and risks of the mortgage loan for which they are applying, and must be provided to consumers no later than the third business day after they submit a loan application.

MULTIPLE OFFER

A multiple offer occurs when more than one prospective buyer makes an offer on a property by submitting a Contract of Sale. Multiple offers often happen in a seller's market when competition for residential property is greatest and there are more buyers than there are properties for sale.

OPTION MONEY

The GAR option agreement recites a negotiated amount to be paid by the buyer directly to the seller for the option. This amount is in addition to the amount of earnest money that may have been paid.

PRIVATE MORTGAGE INSURANCE

Private Mortgage Insurance (PMI) protects the lender in case the borrower defaults on the loan. PMI is required when the down payment is less than 20 percent. PMI must be paid until the borrower has at least 20 percent equity in the home. The Homeowner's Protection Act established rules that mortgages automatically terminate PMI after a borrower has reached 22 percent equity in the home, based on the original property value.

REALTOR®

A REALTOR® is a real estate professional who acts as an agent for the sale and/ or purchase of property. A REALTOR® is a member of the National Association of Realtors and is required to be a member of a local association or board and a state association. A REALTOR® abides by a code of ethics vs regular licensees do not.

SELLERS BROKER

A sellers broker represents the interests of the property owner selling their home. It is their duty to share information about the property with potential buyers and provide guidance to the seller during the process of marketing and selling their home.

SHORT SALE

A short sale is a situation where the lender agrees to let a property owner sell their property for less than the amount owed on the mortgage.

SURVEY

A property survey confirms a property's boundary lines and legal description. It also determines other restrictions or easements included in the property. While you can technically get your property surveyed at any time, confirming the boundaries of your land is an important part of the home buying process.

TITLE INSURANCE

Title insurance protects the lender or owner against loss in the event of a property dispute. Lenders often require title insurance. In fact, most title insurance only covers the lender, while paid for by the borrower. The borrower in many cases must purchase a separate policy.

TRID (TILA-RESPA INTEGRATED DISCLOSURE)

This new rule consolidates four existing disclosures required under TILA (Truth in Lending Act) and RESPA (Real Estate Settlement Procedures Act) for closed-end credit transactions secured by real property into two forms: a Loan Estimate that must be delivered or postmarked no later than the third business day after receiving the consumer's application, and a Closing Disclosure that must be provided to the consumer at least three business days prior to consummation.
